To Whom It May Concern,

I highly recommend Mary Massey for a middle school teaching position. I had the privilege of working with Mary from 2010-2014 as her instructional coach and assistant principal. She genuinely loves her students and her students love her. She is an amazing collaborator with her teammates and always gives 110% of herself.

Mrs. Massey is creative, innovative, and offers effective instructional strategies that help improve instruction throughout the school. I have worked directly with Mrs. Massey, as her administrator, and am impressed with her technological and data driven skills. She is an instructional leader who goes the extra mile when trying to boost student achievement. Mrs. Massey has led staff developments involving technology and creating innovative classroom strategies for classroom instruction. She is a team player that goes above and beyond the call of duty for her students and colleagues.

I have observed her several times in class; her lessons are always engaging and well planned out. While her teaching ability seems to come naturally, I also credit her success to her hard work and diligence.

Mrs. Massey is an excellent Science teacher. She goes above and beyond her classroom duties to be sure that every student is successful.

I'm convinced Mrs. Massey will be as great an asset to your school as she has been to ours. Please feel free to contact me if you'd like any additional information.

Sincerely,

Lisa Argabrite Melchione
Principal
